We, the Board of Directors, and Instructors at the Mooney Safety Foundation have weathered 35 years of providing service to the Mooney Aircraft Owners in managing and flying their aircraft safely. We continue to do so annually with five (5) Pilot Proficiency Programs across the entire country. We take great pride in accomplishing each program with the utmost of respect for the pilot's abilities and his or her desire to achieve better skills. Several pilots, in fact more than 50% come every year for the training. Some have more than 20+ return visits and that makes all of us at the Mooney Safety Foundation very proud. Such loyalty and demand, challenges us to strive harder to improve the quality of the presentations and instructions at every Program.

The Mooney Safety Foundation through our efforts in obtaining approval from the FAA, grants 13 WINGS Credit upon completion of each course to the participating pilot, in addition to the excellence in individualized training.

Our programs next year will be conducted at the following locations:

- Ocala, FL - January 30-31 February 1, 2026
- Tucson, AZ - April 24-26, 2026
- Germany - June 12-14 2026 (private)
- Northeast TBD September 2026
- Kerrville, TX with Mooney MAX - October 2026

We hope you will join us for one of these programs next year and we look forward to our meeting.

The Mooney Safety Foundation Board of Directors are all volunteers and do not get any salary. It is a labor of love for all of us. The Foundation is a charitable organization 501 (c) (3). We, as its current stewards depend heavily on the generosity of the Mooney Pilots to make the **Tax-Deductible** charitable donations to the Foundation before the end of the year. We thank every one of the pilots who have spent time at the Proficiency Program and those who have generously donated to the Foundation over the years. We hope you will take this into consideration before the end of the year and donate to keep this Foundation functioning into the future.

On behalf of the Mooney Safety Foundation, its directors and myself, we express our many thanks for your trust and continued participation, in the Mooney Safety Foundation Pilot Proficiency Programs.

Please send your charitable contribution check made out to the "MAPA Safety Foundation, Inc." and mail it with this form to:
